From Bill Lieber, President

Yes, it has been hot! Now that the hot weather is over, I can share a few tips on how to beat the heat in a model A. First, if you want air, roll down the window or **open the windshield**. **Second, you can buy a poor man's air conditioner** — that is a bottle of water with a fan on top. Cost is \$5.98. A little spray and air go a long way. Third, is to have a clean radiator.

Joe Patrick and I have had radiator problems for the past year. On a long incline on a warm day our engines overheat and spray coolant all over the hood and windshield. It really makes a mess; so, we put a diaper on the radiator cap. In fact, on one trip **Lori "borrowed" a cloth napkin from a restaurant for a diaper for my car.**

Joe and I have been sharing the dreaded chicken because of our heating problem.

I have finally had my radiator rodded out to really clean it and hope that solves the problem. Joe is thinking to do the same. Hopefully, we can give the chicken to someone else.

Bill Lieber gets the chicken — Trouble with the radiator.

Joe Patrick and Bill Lieber —

A time to share our car problems.

JACKETS

Lori Perez has done a lot of work on the arrangements for new jackets for our Club. There will be a Ford logo and Club name on the back and a small version on the front. Each jacket will be personalized with your name on the front. The jackets will be \$49.95. We might have the jackets ready for sale at the October 15th meeting.

October Birthdays & Anniversaries

Board Meeting to follow

This will be an important board meeting as we need to form a nominating committee for officers for 2010. You can see on the left column of the front page of our newsletter that it takes a lot of people to keep our Club running well. We hope more people will volunteer to help out.

Meeting adjourned 8:05 P.M.

- We will also have more details for the Veterans Parade in Murrieta on November 11.
- We will meet at the Stampe in Old Town ready to go at 8:00 a.m. So be fed and fuelled by that time. Feel free to drive your modern car if your "A" is not ready for the road. We plan to have a lot of fun.
- Bates Nut Farm & Craft Fair - SATURDAY, NOVEMBER 7 - Lori Perez is coordinating the tour for the trip to Bates. We will plan to meet at the Stampe in Old Town Temecula. Lori will give us more info at the meeting on October 15 and Ted Iverson will post more info on our website.
- VISTA GAS AND STEAM ENGINE MUSEUM - Ted and Laura Iverson have done a great job in planning trips this year. The next trip is on SATURDAY, OCTOBER 17. We are going to the Vista Antique Gas and Steam Engine Museum. It is a time when they get all of the engines running. The sounds of them is like music reminding us of by-gone times. It is a lot of fun to see the old time equipment come back to life. There is also plenty of food available for lunch. We might see Lou and Tish Schweizer working at the looms in the old time weaving display.
